SOPHIA ALBERTSON MOURNED BY MANY FRIENDS IN SONOMA

Mrs. James H. Albertson, One of Sonoma's Oldest Native Daughters, Passed Away Last Sunday. .. .---

Sophia Albertson, beloved wife of City Marshal James H. Albertson, and Sonoma's oldest Native Daughter, having been born here in 1849, passed away at the home of her adopted niece, Nellie Sullivan Farris, on last Sunday morning. A stroke of paralysis closed the book of life in which were written many deeds of kindness during her long residence in Sonoma and years of companionship with the life partner who is left to mourn her.

Deceased was the daughter of Mr. and Mrs. John Lewis, who came across the plains in a covered wagon with the notable party of which ex-Governor Boggs was the leader, in 1846. They left Independence, Mo., early that year and arrived in Sonoma in September just a few months after the raising of the Bear Flag. Others who came across the plains with their ox teams in this party were the Carrigers, Tates, and Stewarts, afterwards promptly identified with the history of this section. John Lewis' wife was a Wardlow and she was a sister of Mrs. Charles Stewart and Mrs. Nick Carriger of the pioneer party.

Mr. and Mrs. John Lewis made a home near the site of the present J. B. Small residence on Napa street and here, in 1849, their daughter Sophia was born. She was one of several brothers and sisters, the brothers being the late George John and Joseph Lewis, the daughters afterwards becoming Mrs. Ed Gillan and Mrs. Sid Tate. Both passed away many years ago.

In 1873 Sophia, the daughter of the pioneers, became the bride of James H. Albertson, then one of California's cleverest stage drivers and Beau Brummel of his day. The couple lived most happily together for more than 50 years and only recently their golden wedding was celebrated here with a reception and party tendered them by the local lodge of Odd Fellows.

The passing of Mrs. Albertson is mourned by a large circle of old friends and neighbors who attended the funeral Tuesday at the home of Mrs. Farris on Broadway, the services being conducted by Rev. S. E. Crowe, assisted by Rev. Cookman and Rev. Doctor Waltz. Mr. Crowe spoke eloquently and feelingly of the noble traits of character evinced by

TEACHERS TENDERED RECEPTION AT CHURCH

The teachers of Sonoma Valley schools were tendered a reception on Wednesday evening at the parlors of the Congregational church. Speeches of welcome by the local ministers and remarks by Professor Golton started the evening's program which culminated in games and refreshments

The teachers were much pleased with the cordial greeting extended to them.

Mouse May Have Caused $4,000 Fire

The loss of a large barn and 50 tons of hay, destroyed by fire early Wednesday morning at the Merz ranch is attributed to mice thought to have been gnawing at a match dropped in the barn during the baling season. This is the only thing which the owner can think of as the barn was locked securely, no tramp had been in the vicinity nor had any one else recently been in the building prior to the blaze. The Merz family saw the smoke coming from the barn and hastened to investigate, but the flames had gained great headway on the interior, and lack of water precluded saving the frame structure or its contents. Mr. Merz estimates his loss at $4000, with no insurance.

REPRESENTED SONOMA MISSION AT MONTEREY

Journeying from Sonoma, site of the last Mission of the padres in California (1823) Mayor Fred Bulotti, official representative of our Mission City, attended the Serra Pilgrimage at Monterey last Sunday, October 12. He was accompanied by his wife and little son.

The program, to which all mayors of the Mission towns had been invited, consisted of the unveiling of the sarcophagus of Father Serra, founder of all California Missions. The ceremonies took place at the Mission San Carlo del Rio Carmelo and at the roll call of the Missions, representatives of all the 21 Mission cities responded, each one laying a tribute of flowers on the tomb of Serra. Mayor Bulotti participated in this impressive event and brought greetings from the Mission Solano de Sonoma.

The sarcophagus, planned by Father Mestres of Monterey and fashioned by J. J. Mora, famous sculptor, was fittingly dedicated.

The Sonoma visitors describe the celebration as both impressive and colorful, several splendid pageants

OBJECT TO CHANGE OF THE N. W. P. RAILROAD

Passengers who have been traveling on the N. W. P. railroad since the winter schedule and arrangements for Sonoma Valley passengers went into effect are hopeful that they will not long be compelled to change cars at Ignacio. Women, children and old and infirm people find it very inconvenient to jump down a high step onto the graveled roadbed and scramble aboard another train via another high step in order to get to San Francisco. When it rains it is particularly distressing.

Last year the Sonoma cars were attached to the through train at Ignacio which did away with changing cars, the service being greatly appreciated by railroad travelers. It seems as though this arrangement could be made this season.

Chamber of Commerce Favors Building of Vineburg and Petaluma Highways

Petitions asking the supervisors to organize and create under the Road District Improvement Act of 1907 a road district to improve the Petaluma and Vineburg highways are in circulation throughout the proposed district this week and circulators declare that the responses from property owners have been splendid. Several of the largest land owners have already signed and others, like A. W. Foster, have declared in favor of the plan for the improved highways.

The Valley of the Moon Chamber of Commerce discussed the matter at its meeting Monday night in the city hall and much favorable expression of opinion was manifest. The Road District Improvement Act of 1907 was thoroughly explained, the plan being as follows:

The necessity of good roads being apparent or thought advisable, the Board of Supervisors may proceed to publish resolutions of intention, giving the boundary lines of the proposed district and estimated cost. After the publication of these resolutions and after sufficient lapse of time if 51 per cent of property owners in the district fail to protest, the board proceeds to improve the roads within the territory designated, an engineer having prepared necessary plans and specifications for same.

The present plan of circulating petitions for the desired improvement is not required, but is done to get the sentiment of the property holders and to assure Supervisor Lowell that the project will go through when he has launched it.

Messrs. Jack Walton and R. G. Lichtenberg were out with a petition Thursday and got over 60 signers, many of them big land owners whose assessed valuations will count. It is estimated that with the district lines extending from the Napa county line to Agua Caliente and thence across the valley to Lakeville and tidewater the tax necessary for the improvement will not be high. The estimated cost of the 11 miles of road is $220,000 of which $75,000 will be put up by Supervisor Lowell out of his bridge fund. The balance of cost can be met by a tax of about 50 cents on the $100 assessed valuation of the land only. Improvements will not be taxed. A city lot in Sonoma would be taxed approximately $1.50 per year for the new highways. Acreage would be in proportion.

The road improvements contemplated are to consist of grading of the total 11 miles, from Vineburg to the Napa county line and from Sonoma to Lakeville, and paving same with an asphaltic concrete base 3 1-2 inches thick and 1 1-2 inches of Willite asphaltic concrete wearing surface. The type of highway would be the same as that recently completed on the Guerneville road.

Petitions are in the hands of Jack Walton, C. C. Champlin, H. F. Bates, John W. Main and others. Anyone in the proposed district desiring to sign may also find a petition at the office of the Index-Tribune.

City Councilmen Resign Over the Sewer Farm

Santa Rosa is in the throes of a bitter fight over the sewer farm question and other issues which culminated Wednesday in the resignation of Councilmen Meeker and Kinley. The councilmen accuse Mayor Charles O. Dunbar's administration of extravagance, a waste of $6000 on the makeshift sewer farm in that city, favoritism in employees and materials, disregard of the city charter and other irregularities.

A special election will have to be called to elect three councilmen, one member of the Santa Rosa board having died and these two resigned.

In their written resignation Meeker and Kinley declare:

"We charge that the present administration has wasted public funds and attempted to deceive the State Board of Health and the people of the city in dealing with our sewage problem. The matter of constructing a sewage disposal plant is a problem of engineering and should not be treated as an opportunity for politics. Some $6000 of taxpayers' money has been wasted in temporary, makeshift construction during the past summer at the sewer farm, over the protests of the minority members of the council. The city for months has been paying interest at 5 per cent on $165,000 of sewer bonds with the money lying idle in the bank at 3 1-2 per cent, thus costing the city an additional $200 per month in interest. Meanwhile the city's administration has attempted to make our citizens believe that it had abated the nuisance at the sewer farm and adequately provided for sewage disposal.

"In our opinion, there is not the slightest probability or possibility of confining the sewage upon the sewer farm and it is preposterous to expect it. The continued pollution of Santa Rosa creek is imminent. The recent septic tank improvements have been waste of public funds. The odor conditions have not been reduced in the least, nor has danger to Santa Rosa creek been eliminated.

"We believe that the people of this city want to save whatever money can with reason be saved in handling this sewage problem, and it may be that the plans already submitted should be modified. But we do not believe that the people want this problem to be longer kicked about as a political foot ball in defiance of the state authorities and in jeopardy of the health of the community."

CONTRACT LET FOR LAST HIGHWAY BRIDGE

The contract has been let by the supervisors for the concrete bridge on the Weise ranch portion of the state highway. Galbraith & Janes were awarded the contract and will rush the $6000 job to completion.

Here Is A Good Chanee For Sonoma

California communities through their American Legion Posts may secure an additional distribution of World War trophies or new ones, if they have never made application for momentos taken by capture during the war, from the United States government, immediately, according to an announcement made by James K. Fisk, State Adjutant of the Legion. Distribution of the trophies for museums or exhibition purposes in parks will be made by Governor Richardson of Adjutant General Mittelstaedt, according to Adjutant Fisk, who is prepared to transmit requests to the War Department. Congressman Julius Kahn framed the bill which provides for the award of German war trophies to the various municipalities

MRS. CIUCCI FOUND ITALY INTERESTING

Mrs. S. Ciucci, well known Sonoma woman anl pioneer hotel keeper, returned home from Italy on Friday night of last week after a trip which started April 23rd, when she sailed from New York on one of the Italian liners for the old country. The traveler had not been in Italy for 40 years and so found everything in her home province of Lucca very interesting. She visited aunts and an uncle there and found everybody prospering and cheerful. The country had progressed greatly and the people appear well dressed, well fed and happy. The schools are excellent and the railroad system a model of efficiency.

Mrs. Ciucci states, however, that conveniences are not as common as in this country, that the water must be carried from wells and cooking done for the most part without stoves which are very high in price. Automobles are not nearly so common as in America, communities the size of Sonoma Valley priding themselves on 10 automobiles to the population, whereas here we have several hundred cars.

JOINED N. D. G. W. ON MONDAY EVENING

Last Monday evening the Sonoma Parlor of Native Daughters of the Golden West initiated two new members, the initiates being Mrs. Cora Adams Maffei and Miss Albina Nardi. The meeting was presided over by President Gladys Small and after the ceremonies, refreshments wer served and a social time enjoyed.

The topic of the hour with all Native Daughters is the coming annual Hallowe'en ball on November 1st. The committee, headed by Mrs. Adler and Mrs. Bartoli, is working hard for the success of the affair. Mrs. Earl Revie will be floor manager.

At the meeting on Monday a letter of condolence was ordered sent to the husband of the late Sophia Albertson, one of the oldest of Native Daughters, although not a member of the Parlor.

HAPPY COUPLES UNITED IN BONDS OF MATRIMONY

Florence Green Married to Thomas H. Campbell; Angelina Barrachi Weds V. Picetti.

Miss Florence Green, only daughter of Mr. and Mrs. Louis Green of Sonoma, was united in marriage on Wednesday morning at St. Francis church, to Thos. Hillman Campbell. The brilliant church wedding was attended by many relatives and friends of the bride and groom.

The church was decorated in woodwardia fern, white cosmos and chrysanthemums and many candles gleamed from the altars as, to the strains of Lohengrin, the bridal party came up the aisle. The bridesmaid, Miss Marian Bradley, a stately brunette was becomingly gowned in maize colored satin and wore a hat in contrasting tones. Her bouquet was of roses. The bride, escorted by her father, was a picture in her steel beaded bridal costume of crepe de meteor and white hat with trimming of ostrich. Her shower bouquet was of lilies of the valley,

At the altar the groom and his best man, Edward Long, awaited the processional with Rev. Father Glaud, who performed the marriage ceremony with all the impressive rites of the Catholic faith. During the service and at the mass which followed Madame Papova, noted Russian contralto, rendered "Oh, Promise Me," and "My Heart at Thy Sweet Voice," of Saint-Saens.

At the conclusion of the impressive nuptials the bridal party motored to the Green home on Broadway where a wedding breakfast was served amid toasts and congratulations to the happy couple.

Vocal numbers by Madame Papova and selections by Miss Westcott were beautifully rendered during the afternoon.

Albert Tietjen presided at the punch bowl and Mrs. Tietjen, nee Gordenker, Mrs. A. M. Thomson and Miss Celia Thomson, served the delicious wedding collation both at the bride's table where candles gleamed and to the guests at smaller tables. The menu consisted of creamed chicken patties, French peas, candied sweet potatoes, tri-colored ice cream, cakes and coffee. The ring in the bride's cake was captured by Miss Celia Thomson.

The bride's bouquet was caught by Miss Marian Bradley.

Later in the afternoon Mr. and Mrs. Campbell left on their honeymoon, which is being spent at the Mission

PAID TWENTY DOLLARS FOR HOUND DOGS' FEAST

Mrs. Matilda Jakober was paid $20 through the Sonoma justice court for the loss of turkeys killed by some hound dogs which were parked on a neighboring ranch and decided to live on the fat of the land. Mrs. Jakober made three prominent Sonoma men defendants in the suit to recover the value of the birds and they dug up the money.

EL VERANO NEWS

By ARCHIBALD McKIVER

The LaFollette third party independent ticket is now going strong throughout the United States, and as election day draws near, great statesmen and lawyers are coming out and predicting victory for the third party. Dudley Malone, famous New York lawyer, politician and wet advocate in a letter to Governor Smith tells him that he will support the Democratic ticket in New York City and work for the re-election of Smith as governor, but will not support Davis, and that he is out strong for Fighting Bob LaFollette. Clarence Darrow, world famous criminal lawyer says in a recent speech that he doesn't care which party defeats the Coolidge ticket at the November lection. A change must come in politics. The two old parties have ad things their own way too long. Some say, "Don't change; let well enough alone." That is no argument at all. Had our forefathers left well enough alone we would still be paying tribute to some crowned head. A straw vote taken in California shows LaFollette in the lead. The larest turn-out ever accorded a presidential candidate was given LaFollette at Chicago last Saturday and at this writing many voters are turning toward the third party.

Mr. and Mrs. S. Bosserman and Mr. and Mrs. M. Fish are spending the week at their Sonoma Vista bungalow, from Alameda.

Mr. and Mrs. Thor Reynolds of Oakland were Sunday visitors at their country home on Riverside Drive.

Frank Dagon, F. Wachermann and Ed and William Dowdall were San Francisco visitors Sunday at the N. Dowdall home.

Mr. and Mrs. Harper and other friends were entertained Sunday at the Mr. and Mrs. John Harper residece. The Harpers now reside at Sebastopol.

County Clerk W. W. Felt has announced that the registration in Sonoma county was 22,857. This number is about 1200 below normal registration.

Mrs. O'Brien, who was recently injured in au auto accident at El Verano, was a San Francisco guest at the Partridge home here Sunday.

Bernie Montgomery was a business visitor to San Rafael last Saturday.

A large number of outside city visitors to the Valley of the Moon over the week end were Y. M. I. and Y. L. I. members from different Councils in the state, the lodge members traveling by auto. They attended the Young Ladies' Institute dance at Sonoma Saturday evening and enjoyed Sunday motoring through Sonoma Valley and visiting the various mineral springs of this section. A picnic was also enjoyed at Boyes Springs.

W. Zimmermann of the Petaluma side has leased the Hardin ranch in the western foothills and will go into the stock business. His family also has joined him here.

Grape picking is finished in Sonoma Valley. The crop was light and prices good, so all vineyardists are satisfied with the year's harvest.

Mr. and Mrs. Kenneth Saunders, nee Mae Andrews, left for New York City last Saturday where Mr. Saunders' folks reside. They will make their future home in that city.

Mrs. Fred Venton returned to her Oakland home Saturday, accompanied by her mother, Mrs. John Andrews, who will make her future home with her daughter in that city.

Fred Batto, owner of Warehouse No. 7 at El Verano, has had a number of loads of gravel put in along the roadway and in front of the building. Dolph Rubke, the well known Vineburg teamster, is doing the work which will make a good driveway to the new business center.

Readers of the Index-Tribune have been inquiring why the silence of Easy Jim, Vineburg's star reporter. His items are being missed. Get in the game, Easy. Good, independent boosters and writers are needed for the LaFollette and Wheeler ticket. Railroad men, post office employees and the late war veterans are strong for the third party and will pile up a vote that will make the old parties wonder. If the third party doesn't win, they will show by the great vote of the people that the administrations of the old parties are not satisfactory and that if they again reign they will have to do better. This is the turning point in politics in the United States and something new is needed to put the country back on its old standing.

Mr. and Mrs. A. B. Johnstone of San Francisco were spending the week end at the Minkel home here.

Milt Peterson was in San Francisco Sunday visiting friends.

Frank LaFranchi was a several days' visitor in San Francisco, where he called on his old friend Charles Danieli, who acrompanied him home Sunday to spend the day with relatives here.

The Young Ladies' Institute dance at Union Hall, Sonoma last Saturday evening was attended by many party-going people from Sonoma Valley and outside cities. The hall was beautifully decorated and the taste of the young ladies was admired by the large attendance. Al Ryder's orchestra played the latest music and all who attended enjoyed a pleasant evening.

John Steiner, Sonoma's crack basket ball player, was a visitor in El Verano Sunday.

Graft and bribery is the latest in prohibition circles. The little red book found by Rutter's aides in a raided resort formerly conducted by Eddie Marion, a former San Francisco assemblyman, tells the tale. Gifts to San Francisco police officers are recorded in the latest scandal. The famous lawyer, Clarence Darrow, in a recent speech, denounced prohibition and said that the law would die out, that the people of this great nation are against it, and that it could not be enforced. We believe he is right.

Mr. and Mrs. Alex McGili, after a 10 weeks' visit with Mr. and Mrs John Love at Antioch, have returned home. Mrs. Love is a daughter of the McGills, who report a very pleasant visit.

Edward Odum of San Francisco was spending several days at the Watts home.

Harvey M. Toy, chairman of the State Highway Commission, has been chosen president of the State Hotel Association which met recently at Santa Barbara. Toy, in taking office, was introduced from the platform as California's next Governor. Mr. Toy has a bungalow at Sonoma Vista, where he and his family spend many week ends.

Barney O'Niel, foreman of the Lombard ranch, was a week end visitor in his old home town, Crockett. He enjoyed the visit and met many old friends while there.

Henry Koerner, proprietor of the Oak Grove Resort, will leave shortly for a trip to his birthplace in Germany. Mr. Koerner has not been back to his old home town since he left many years ago. He will be gone several months and will visit relatives in the old country. Henry's many friends wish him a happy voyage over the rolling seas and a safe return to America.

Frank McGovern, Petaluma bootlegger, who recently was found not guilty of that offense by a jury which included several Sonoma Valley jurors, was again arrested on the same charge last week and this time convicted by a jury for selling hootch in his Egg City harness shop.

Mr. and Mrs. P. Caruso and daughters, Loretta and Eleanor, Mrs. J. Staudinger and daughter, Elsie, and Ed Flieger of San Francisco, Mr. and Mrs. P. Millitello, D. Millitello and daughter, Anna, were week end visitors at the Sutter home here.

Mrs. Netsen, who formerly resided in Reno, Nevada, has come to El Verano to make her home wth Mrs. C. Jacobs.

Mrs. H. Craib, formerly of San Francisco, has taken up her residence here with her folks, Mr. and Mrs. L. Manry.

Mrs. Charles Cheney returned to Sparks, Nevada, last week after spending several days in Sonoma attending the funeral of her mother, the late Mrs. William Durant. Mr Durant, who has resided in Sonoma Valley for 40 years and is one of the few pioneers left, accompanied his daughter to Sparks and will make his home there with the Cheneys. Mr. Durant's many friends are sorry to see him leave the valley that he loved.

Charles Fuchs, landscape gardener, who has been laying out the beautiful lawns and gardens at the summer home of Harvey Toy at Sonoma Vista, has been appointed Sonoma Valley agent for the Maxwell Nursery Company of Napa.

Dr. Henry Waltz spoke Sunday morning at the M. E. church on the last session of the Southern California Conference, to the delight of a splendid congregation.

LAKE COUNTY MAY GET MOVIES THERE

Representatives of the Universal Pictures Corporation of Hollywood, made inquiry last week in regard to making suitable arrangements to take a company to Lake county to make a picture on Elk Mountain at the W. W. Prather Lumber Company mill. F. C. Stitser, president of the Lakeport Chamber of Commerce is in receipt of a telegram from Harry A. Axe, a representative of the film company, in which he asks full particulars in regard to the Prather mill and if accommodations can be obtained there for the company of 20 members which is being planned to be taken to the mill.

Mr. Axe also inquired in his telegram as to the working conditions of the mill, stumpage, donkey engines, railroad and other equipment. A telegram and a letter giving full particulars desired were sent out by Mr. Stitser a few hours after the inquiry was received.

The mill and its surroundings can fill the bill for everything that was asked in the telegram. It is still in operation, although most of the mills throughout the state have closed for the present, it is stated. However, it is believed if the picture is to be made the camera men and directors and entire company will be here in the near future.

It is also rumored that one of Rex Beach's stories is to be filmed at the Clear Lake beach.

VETERAN MARIN COUNTY CONSTABLE CONVICTED

George Agnew, for 28 years constable at San Rafael, must serve three months in the Marin county jail for violating the national prohibition law, Charles Nazzario, who was convicted of the same offense with Agnew, was given a similar sentence.

Judgment was imposed by United States District Judge Frank Kerrigan.

The two men went to trial last week in the federal court and were convicted by a jury.

It was shown during the trial that a prohibition agent went to San Rafael and after having several drinks with Agnew had him purchase a gallon of moonshine whisky for him.

THE MILK SITUATION

This has been the hardest season on dairymen in California in many a decade. Feed for stock has soared to hitherto unknown heights. Nevada hay is quoted at $35 to $40 a ton, and milk feeds are also up in the sky. The retail dairymen in all the California towns have been forced to raise the price of milk, in order to stay in business. In Santa Monica, quarts are selling at 17 cents. In Dunsmuir quarts are now 15 cents, while pints bring 10 cents. Santa Rosa, Petaluma and Napa dairymen have all had to rais..

In Sonoma the two leading milk retailers at last have had to make a slight raise, effective November 1st. Their ad appears elsewhere in this issue. Milk consumers in Sonoma Valley who demand the best, will no doubt recognize the situation and see the justice of the procedure.

WHEELER'S SPEECH ON COOLIDGE

The thoughtful voter, regardless of political affiliation, is more than ever convinced that Calvin Coolidge is the man to keep in the presidential chair at Washington. The recent speaking tour of Senator Wheeler, who traveler like a plutocrat and talked in behalf of the "dear people" and their deliverer, LaFollette, was full of fiery arraignment of the oil scandal administration, but what of that and President Coolidge's attitude?

The oil scandal situation as handled by Coolidge is one of the greatest things to his credit. It proved him to be a statesman and stalwart American. Lucky, indeed, were the people of this country, to have his calm level-headed, law-abiding, conservative counsel as the mob spirit surged over Washington and all constitutional provisions for such crises ignored by the LaFollette-Wheeler faction, who then and there laid plans for a political campaign and made political capital out of every situation. The house cleaning done by President Coolidge purged the country of the greedy, grafting political crew which he inherited, and was done well. The President then continued quietly with his colossal task of getting the United States on a business basis and his magnificent economy program is proceeding on the greatest and most effective schedule imaginable.

Wheeler's allusions to bank scandals involving Coolidge were not followed up by convincing facts. The mere fact that when Governor of Massachusetts, Coolidge put State funds in a bank that later failed proves no dishonesty on the part of the New Englander. He may have erred in judgment. The same is true of General Dawes, and the bank bugaboo with which he is taxed. A man of his financial magnitude was quite likely to become emeshed with schemers and held responsible for their shortcomings. The fact that Coolidge and Dawes have continued to tower among men for their good acts and their big deeds and the fact that their campaign accusers are noted for character shredding and calumny is proof enough that there is nothing against Coolidge and Dawes but magnified incidents which are lugged in for vote getting purposes.

Senator Wheeler incidentally fawned on Hiram Johnson's admirers in his California audiences and threw sop to the discredited former nominee for the presidential nomination—also for vote gathering purposes.

We do not believe that LaFollette's candidacy has been helped by his running mate, Wheeler, nor do we believe the LaFollette candidacy is gaining any momentum in California. Every thoughtful voter is re-echoing the question: "After LaFollette, what?" And the echo says: "Chaos—just the situation which radicals and Bolshevists hope to see come to pass in the United States that the buzzards may gather in love-fest on all our forefathers have builded."

Will Americans jeopardize all we have won? It is not at all probable.

A BOUQUET FOR TOY

Harvey Toy is being mentioned as good gubernatorial timber, but we believe that our Highway Commissioner will sidestep the honor, provided Governor Richardson can be persuaded to stay on the job.

As a road builder, Mr. Toy has few equals and he has carried out the ways and means program to get the highways on a fine financial basis, too.

Stay on the job, Mr. Toy, and get all the praise, while our friend, good Governor Richardson pares down budgets and gets all the kicks while he perform his laudable task of bringing efficient service and economy into the administration of the State's business. However, if Richardson's mantle should happen to fall on you we believe California would come into full bloom.

INVESTMENT AND THE ROAD DISTRICT

In almost every branch of public expenditures, the fall budgets and levies show preceptible decreases. Cities, countes and states are saving money by spending less for the non-essentials.

The one notable exception is the heavy expenditure for roads. Only a few years ago, a paved road was looked upon as a luxury that the public could not afford. Now, paved roads are as much the tools of the farmer as his wagon or his plow.

These things need be asked of almost any good road program: Is the road well located? Is the road itself easily maintained and repaired? Is the money honestly spent? Meeting these conditions, a road is an investment, not a burden or a risk.

The principle of a semi-elastic, a quick-setting, quick repairable surface is so well understood that roads can be laid in almost any community with the assurance that they will last and pay dividends.

The formation of a road district to give Sonoma Valley a paved highway for the farmers on the other side of Vineburg and for travelers over the Sonoma-Lakeville road would be good business and if the district is made large enough the burden would not fall too heavily on anyone. You can help your community and increase your property value by aiding the building of good roads. With the promise of Supervisor Lowell that $75,000 of his District's funds would be put into this improvement to help the project, taxpayers would be assured that this money would be well expended for a substantial purpose, instead of going into salaries for roadmasters or temporary repairs. Supervisor Lowell has a proud record of cutting down a lot of roadmaster jobs and now has a few good ones who are doing the work. This policy has resulted in money saving.

Let us create the road district and be assured of the expenditure of $75,000 into a permanent dividend-paying improvement, for with good roads increased business is certain.

CONGRESSMAN PRAISED BY AMERICAN LEGION

The American Legion State Department has officially thanked Senator Hiram W. Johnson, Senator Samuel M. Shortridge, Congresswoman Mae Nolan and Congressmen C. F. Curry, Arthur M. Free, Clarence F. Lea, Walter F. Lineberger, James H. MacLafferty, John E. Raker, Phil D. Swing and Henry Barbour for their support of the adjusted compensation measure at the last session of Congress. Copies of the resolution have been forwarded to the legislators by State Adjutant James K. Fisk.

Congressman Lea can always be found on the side of right, whether a measure is initiated by Democrat or Republican.

STOP THIS PAROLE STUFF

The parole system, which gives ex-convicts the freedom of our streets and jeopardizes all society, was again exemplified as dead wrong by the cruel slaying of Patrolman Brady, a San Francisco policeman shot down by a paroled prisoner, who has confessed. How lightly these thugs regard life is shown by the ex-con's impulse to grab his gun, and his words, "Here comes the dick; I am going to get him."

When prison boards cease this sob-sister plan of freeing old timers and "giving them a chance" to kill people, crime may decrease.

JAPANESE TRAFFIC RULES

A. C. Walliser, son of a former Sonoma doctor and buyer for one of San Francisco's leading tea importing houses, has just returned from Japan. He brought with him a copy of the traffic rules in force in Tokyo, translated into English in literal fashion:

"At the rise of the hand policeman stop rapidly.

"Do not pass him or otherwise disrespect him.

"When a passenger of the foot hove in sight, tootle the horn, trumpet at him melodiously at first, but if he still obstacles your passage, tootle him with vigor and express by word of the mouth the warning 'hi, hi.'

"Beware the wandering horse that he shall not take fright as you pass him by. Do not explode an exhaust bow at him. Go soothingly by.

"Give big space to the festive dog that shall sport in the roadway.

"Avoid entanglement of dog with wheel spokes.

"Go soothingly on the grease mud, as there lurks the skid demon.

"Press the brake of the foot as you roll round the corner to save collapse and tie-up."

deceased throughout her long life and dwelt particularly on her spirit of charity which prompted no word of hatred but kindliness and patience at all times. Rev. Cookman read the beautiful hymn, "Crossing the Bar," and Mr. Waltz read the Ninetieth Psalm.

Interment was in Mountain Cemetery, where many lovely flowers covered the final resting place of this pioneer woman of old Sonoma.

Surviving deceased in addition to the husband, 81 years of age, is her niece, Mrs. Eda Gillan of Sonoma, and a sister-in-law and niece, Mrs. George Lewis and Miss Katherine Lewis, of Santa Rosa.

Congratulations are in order for Attorney and Mrs. Grinstead (Emily Poppe) who are the proud parents of their second son, born Sunday, at Burnsdale. The little barrister is to be called Hugh Gordon Grinstead.

Are you ready for winter?

Now is the time to protect barns and other buildings, implements and machinery from the damage that winter weather is sure to bring unless they are covered with plenty of paint and varnish. It costs less to paint than not to paint, when you figure the dollars-and-cents cost of repairing the damage that can be done in a single season by snow, rain, sleet, rust, rot and decay. We have an Acme Quality paint, enamel, stain or varnish for every surface. And each one of them is the best for it's purpose that we know of. (Continued from Page One)

Inn, at Riverside.

The bride's going away costume was a fur trimmed tailored suit with hat in the henna tones.

Of recent years she has held a responsible position in the bay cities, where she and her mother have resided. They lately returned to occupy the commodious family home on Broadway which was the scene of the wedding festivities Wednesday.

Many and beautiful gifts were received from the large circle of friends which the bride and groom have both in Sonoma Valley and San Francisco and will be displayed to advantage in the lovely new brick home of the couple at Burlingame into which Mr. and Mrs. Campbell will move during December. Barrachi-Picetti Nuptials

One of the prettiest weddings of the season was held October 12th, at St. James church, San Francisco, when Miss Angelina Barrachi became the bride of Victor Picetti. Rev. FatherO'Connell performed the ceremony. The church was filled to capacity with relatives and friends.

The bridal procession entered to the strains of Lohenrgin. Mr. Nolan sang "Ave Maria."

Miss Barrachi was given away in marriage by her father, and she made a pretty picture in a gown of white georgette, beautifully designed in silver beads, her bridal veil gracefully fastened with a crown of orange blossoms. She carried a shower bouquet of white roses and lilies of the valley.

Miss Laura Muzio acted as maid of honor and wore a coral pink chiffon gown with a silver headpiece. The bridesmaids were Louise Barrachi, a sister of the bride, and Madeline Marcellari. Their dresses were on the same lines as that worn by the maid of honor, in pastel shades. Nieces of the groom acted as flower girls.

Tony Barrachi was best man while Antonia Muzio, John Muzio and Antonio Caparatta acted as ushers.

Following the church ceremony a wedding dinner took place at the home of Mr. and Mrs. J. Muzio. The home was beautifully decorated and the evening was spent in dancing and gaiety.

Mr. and Mrs. Picetti are on their wedding trip, following which they will make their home in San Francisco

SONOMA VISITORS AT PACIFIC GROVE

During the Serra Pilgrimage at Monterey and before that event many Sonoma folks visited Pacific Grove and vicinity so Mrs. Marjorie Buchan Fisk writes in her entertaining style to local friends.

Henry Weber, Jr., was in Pacific Grove on Friday of last week and attended the American Legion barbecue on the beach, given by the local Post and Auxiliary. He later went to Hotel Del Monte (what is left of it) and Pebble Beach Lodge.

Rev. Isaac Cookman, who had been attending the conference at Asilomar, called upon the Fisks at Pacific Grove enroute home.

Last Saturday afternoon Miss Roberta Poppe and Mayor Fred Bulotti and family arrived for a visit and for the Serra celebration.

Mrs. Fisk describes the celebration as wonderful. She declares that Sonoma's official did himself proud as he placed a beautiful sheaf of chrysanthemums on the sarcophagus of Serra in Carmel Mission. The Bulotti's were introduced to all the celebrities present, including Perry Newberry of Carmel and the "Duke of Alba" first cousin to King Alphonse of Spain. They were later taken over the 17 mile drive, shown the artist and literary colony of Carmel, Del Monte, Pebble Beach, the ruins of the recent oil fire in Monterey and the other places of interest. Mayor Bulotti was much interested in the little city of Pacific Grove and inspected the new LaFrance fire engine recently acquired by that municipality.

Mrs. Fisk, who proved a delightful hostess to these visitors, it to open a gift shop in Pacific Grove on December 1st. It will be called the Fire Side Industries Studio and Gift Shop, Marjorie B. Fisk and Katherine L. Trewick, proprietors.

Mr. and Mrs. Will Clements and family, including Mr. Clements' mother, of Eden Dale, are home from thier motor trip to Canada. They traveled several thousand miles without mishap, although Mr. Clements declares that roads in Canada are not the highways such as we pride ourselves upon and he does not believe that Canada will ever have them. The country is not rich enough to warrant highways like those of California, declares Mr. Clements.

High School News

By DONALD CUNDIFF

The long looked for basket ball season has now begun in reality. On last Thursday, October 9th, the first basket ball practice of the season was held in the S. V. U. H. S. auditorium. Approximately 15 candidates turned out, some giving very promising results, while others did not show much possibility of getting on the team. On Wednesday noon the first game of the season is scheduled to take place between the Sophomores and Freshmen in the auditorium of the high school. This game will be the opening of inter-class competition for the season. With all this interest being shown, it is thot by Athletic Manager Wallace Hall that the school will be well represented in the games this year.

Fishing seems to have become one of the most popular pastimes for many of the students. Boats, fishing, fishing tackle and catches of fish are topics they discuss most frequently. Cecil Hunter, the most prominent of high school fishermen, has become so good at this sport that many of the students have named him "Skipper." It is generally thought that the Skipper is the person that started the fad; anyway he has the lead, and will probably hold his own if it comes to close competition. A possible conclusion of the fad may be that Cecil will take his saxophine and use it to tell of his wares as he goes up the street with a wagon-load of fish.

Wednesday afternoon, October 8th, all the girls interested in school sports gathered for the purpose of organizing a girls' athletic association. The purpose of this organization is to arrange inter-class games for the girls during the school term. The winners of all games will be awarded pennants just the same as the boys. This club will also carry on social activities in the form of hikes, picnics, etc.

Allan Bean, president of the Junior class, has given notice for all members desiring class rings or pins to bring the necessary money for them this week. Already several have responded and many more have told of their intention to do the same. Last year students of the school adopted a standard ring. Formerly each class when they reached their third year selected rings for themselves. Now that a standard ring his been adopted the Junior classes in the future will all have the same type of rings. These can be obtained by Juniors and Seniors, the lower classmen not being eligible.

"Study when you can't work" appears to be the motto of the Tynan brothers, who are again attending school. Both of these boys are hard workers and if they aren't to be found in the classroom they are sure to be at home, hard at work.

It has been said that the English class in dramatics is going to put on a good play in the near future. Some of the most prominent members of this class are Angelo Signorelli, Fay Fowler, Ernest Bash and Mathilda Bonneau.

A moving picture is to be shown next Friday night at the high school. There will be five reels of real entertainment and music besides, so do not forget to come.

LAKEPORT IS HARD UP, TOO

A business license tax or the cutting off of half the street lighting and possibly dispensing with the services of a night watchman are the alternatives forced upon the town trustees of Lakeport in the emergency of reduced revenue this fiscal year.

The $1.00 rate on the assessed valuation of $612,000 will bring approximately $6000 into the general funds. The town now has for salaries, the street lighting and other expenditures a fixed monthly charge of $345, or $4140 for the year. This leaves but $1860 to pay for all street work and many other items of municipal government, which is wholly inadequate in the opinion of the trustees, to carry out the demands made by citizens.

EGG LAYING CONTEST STARTS NOVEMBER 1st

But two weeks remains in the present contest year; this contest closing the evening of October 29th. The fifth annual contest begins November 1, 1924, with entries from single comb White Leghorn breeders in Washington, Oregon and California.

This is an exclusive single comb White Leghorn contest, because of its location, Petaluma, "the world's egg basket," the largest White Leghorn district in the world. Since White Leghorns require somewhat different feeding and management than the heavy breeds, we believe we are able to offer advantages to the Leghorn breeder who wants an official record when placing his birds before the public.

September Production

Production for the month of September, eleventh month of the contest, averages 47.6 per cent. This production is exactly 10 per cent above the September production of last year. At the close of the eleventh month six entries are ahead of the record of the highest pen at this time last year. Two pens have almost reached the highest 12 months' production of last year and indications are that the leading pen at the close of October will exceed the highest pen record of all former contests here by 150 eggs.

Production of the present contest, November 1st to September 30th is 53.0 per cent.

Feed Consumption

The following table gives the feed consumption per hen and per cent production of the entire contest flock for each of the four periods during September and totals for the month.

Following the close of the second period, September 17th, electric lights were turned on beginning at 5:15 a. m and at present lights go on at 4:30 p m. As shown in the following table lights were turned on when the flock had reached 50 per cent on the down grade.

Mash per hen in pounds—8 days, .90; 8 days, .90; 7 days, .71; 7 days, .75; month, 3.26.

Grain per hen in pounds—8 days, .89; 8 days, .87; 7 days, .76; 7 days, .70; month, 3.22.

Greens per hen in pounds—8 days, .60; 8 days, .63; 7 days, .60; 7 days, .60; month, 2.43.

September production—8 days, 53.3 per cent; 8 days, 49.5 per cent; 7 days, 45.2 per cent; 7 days, 41.4 pepr cent; month, 47.6 per cent.

Molting

Eggs are still numerous, but feather pillows might be a fairly remunerative by-product at present. The manager estimates that 30 per cent of the flock is now in various sages of molting, although the monthly sheets show only a 20 per cent molt at present. About 20 hens are molting and continue to lay and during the month 12 hens have been observed as resuming laying after recovering from a complete molt. Very few 200 egg hens have even started to shed any feathers.

High Pens To Date

Following is a list of the 10 highest entries at the close of September, eleventh month of the contest. It is interesting to note that the same 10 pens comprised this group at the close of the previous month. James Dryden's pen is still leading, having held the lead from the beginning of the contest; J. W. Foster regains second place after having lost it to Alberta Ranch; for the month of August.

The 10 entries listed below have produced in 11 months a total of 20,225 eggs or an average of 2,022 eggs per entry, whereas the 10 high pens last year produced 18,085 eggs or an average of 1,808 eggs per entry during the same period of time. This shows a gain of 214 eggs per entry.

1. James Dryden, 2150 eggs.
2. J. W. Foster, 2145 eggs.
3. Alberta Ranch, 2120 eggs.
4. E. M. Wells, 2051 eggs.
5. Max Herrerias, 2018 eggs.
6. James Gage, 2008 eggs.
7. V. H. Guthrie, 1966 eggs.
8. C. L. Woodbridge, 1931 eggs.
9. Pioneer Hatchery, 1920 eggs.
10. Garica & Sarich, 1916 eggs.

RACING STOCK AT A. B. SPRECKELS FARM SOLD

Much interest has been taken in the recent sale of $150,000 worth of racing stock at Napa Stock Farm, belonging to the late A. B. Spreckels, to Baron Long, multi-millionaire of Southern California and well known Napa hotel man.

The sale included 40 brood mares, 24 weanlings, 4 race horses, and Hand Grenade, the well known stallion, making it one of the biggest in the West this year.

The only two horses not included in the sale were Runstar and Runnymede, who are well known in racing circles, while the four race horses purchased by Long are Runclar, Voergold, Lure of Gold and Otara.

COMMUNITY SINGING GAINS

Redlands, California ,is a singing community and the Kiwanis Club of that city is giving its full support toward making it an important musical center. The city has built a new outdoor stadium, similar to the famous Hollywood bowl. Recently over 5000 people greeted Charles Wakefield Cadman, a member of the Kiwanis Club, and Margaret Messer Morris, well known California singer.

Nearly 2000 years ago Quintillian said: "Men, even when alone, lighten their labors by song, whoever crude it may be."

Community singing is organized now in a score of cities by the various Kiwanis Clubs. In Toronto, Canada, over 25,000 people take part in each of the community song-fests at Christmas time and in Montreal an average of 15,000 people participate in the weekly singing during the summer months. This activity is also very popular in Vancouver.

CONGRESSMAN HAS BEEN INSPECTING AIR STATIONS

Congressman Clarence F. Lea, accompanied by Mrs. Lea, Miss Loutitia Lea and Mr. and Mrs. Harry Scott, returned to Santa Rosa Sunday night from San Diego.

Congressman Lea went to the southern city as a special committee of the House Committee on Aviation to inspect the army and navy service and fields. He took the testimony of several witnesses at San Diego and of two witnesses at Pasadena.

The congressman stated that stripped of verbiage the whole idea of the inspection being made in California and elsewhere throughout the nation is to answer the question "What is the matter with our air service, and how can it be made more efficient?"

He explained that the investigation was brought about as the result of criticism in some quarters that the United States government avition service was short of efficiency in some respects. It was also desired to inquire into the manner of procuring planes and construction of same.

Prior to going to San Diego, Lea inspected Crissey Field in San Francisco. The results of his inspection will be presented to the Committee on Aviation when it convenes during Congress in Washington.

Lea pointed out that inquiry into the aerial mail service was only a slight point in the investigation of the main problem as already outlined. He stated that if aerial mail service which is now most expensive could be made more nearly cost producing, it would probably be extended to other points of the nation.—Santa Rosa Press Democrat.

Buenos Aires wheat was off ½ to 1¼c at the close. Export demand was fairly active, with sales of over 500,000 bushels in all positions.

Corn continues to show resistance to pressure. There was a good break one time in sympathy with wheat, but aggressive buying developed and the finish was well toward the top, with December $1.11¾@1.11⅞, and went to about 1¾c under May. July was $1.14 at the last. Sentiment is somewhat more bullish. Cash corn basis was steady to ½c better, with receipts of 164 cars.
